The Assistant Commissioner Copperbelt Province  
Zambia Revenue Authority,  
Ndola.

Dear Sir

**REF: APPEAL AGAINST SEIZURE OF MY MOTOR VEHICLE BAT 3111**

I am writing this letter, sir, concerning the reference mentioned above.

I kindly request your esteemed office to consider and review my appeal concerning the seizure of my vehicle with registration number BAT 3111.

I want to acknowledge that my driver, while using my vehicle, was contracted to transport bags of mealie meal to the Lupiya village area, a detail I was not informed of by my driver. The Zambia National Service (ZNS) impounded my vehicle, alleging that it was carrying a commodity intended for smuggling into Congo, which constitutes a legal violation.

I would like to add that the aforementioned transaction was carried out without my authorization as i was in Lusaka at the time. The vehicle operates at Z-mart mall within the central business district area of Ndola. I sincerely apologize and deeply regret any unintended violation of the law.

I humbly implore your kind office for leniency and request your consideration of my appeal. As a young Zambian striving to establish a transport business to provide for my 7-year-old daughter and siblings. I take full responsibility and i have gained valuable insights from this experience. I am dedicated to preventing any future occurrences of this nature and will implement more rigorous oversight and monitoring procedures within my small business operations. I am committed to ensuring that all activities conducted by my driver adhere to legal requirements and ethical standards.

Furthermore, I am fully willing to cooperate with any fines or charges and provide all necessary information to swiftly resolve this matter. I am genuinely thankful for your attention to this request and your understanding of the circumstances surrounding this incident.

Yours sincerely
